

SONATA 7 Trailer Sailer for Sale (located in Geelong)

\$21,000

Equipped for racing and cruise sailing for extended stays on the water.

The yacht was named *Just A Minuet*. A minuet is a slower tempo sonata. Our call sign was sometimes "JAM" or "just a minute" when we needed extra time to sort ourselves out. Built in 1985 in NSW, we assume, as a date hasn't been found on the boat so it was slotted in as #7130 and registered #7130. We purchased it from the original owner in 1994. Sadly after 30 years of sailing in good company with members of the Sonata Yacht Association we must hang up our life vests. **She is ready to sail away, river cruise or race.**

Included in the sale:

Tandem Trailer

Hydraulics override disc brakes front axle
Level rider mount on A frame, Retractable jockey wheel, spare wheel mount with cover
5 new 14 inch light truck tyres and rims, extra spare rim and tyre
